Lenco Laboratory Update: ABO Group & Rh Type

Lenco Laboratory is pleased to announce we now offer ABO Group and Rh Type blood test. This test is used to determine an individual’s blood group (A, B, AB, or O) and whether he or she is Rh positive or Rh negative.

We would like to thank you, our clients, for allowing us to be your preferred laboratory. We are continuously working to provide you and your staff the excellent service and support that clinical services demand. If you have any questions, please call your Lenco Sales/Service Representative or our Client Services Department at 718-232-1515, ext 9.

Best Regards,

Dr. Elena Agranovsky
Medical Director
